LATEST HAPPENINGS

Industry Survey on Management of Formwork Structure and Scaffold Components

We are seeking the industry's feedback on the management of traceability and reusability for temporary works components. The survey will close on 31 May 2024.

[Read More](#) →

Survey on Supporting Return to Work for Ill/Injured Workers

Eligible workplace supervisors are invited to participate in a study to understand their return to work (RTW) knowledge and practices, as well as their readiness to support RTW for workers with illness/injury.

[Read More](#) →

Register for Return to Work Coordinator Programme

This workshop is open to all healthcare and non-healthcare professionals interested in supporting workers to return to work (RTW). Participants will learn to identify barriers and facilitators to RTW, and apply effective communication skills to develop an appropriate RTW plan.
